Sun PM: Let's Canter - Get comfortable cantering and improve the canter.

FROM KELLI

My passion is teaching you how to understand and apply horsemanship in an effective way by using trail obstacles. I use vaquero style methods with a little dressage plus what I have learned through my own experiences to break things down in a way you can understand and apply to your riding.

We will learn skills both on the ground and in the saddle and apply those skills to trail obstacles. Trail obstacles are a fabulous way to measure our progress.

Kelli is the author of "How to Build Simple Trail Obstacles" and the co-author of the "Working Equitation Handbook"!
